

EL Education K-8: Digital Curriculum Brought to Life with Kiddom

Enhance the comprehensive EL Education K-8 curriculum with Kiddom's powerful digital tools.

With EL Education's K-8 Language Arts curriculum and Kiddom's dynamic digital resources, teachers are seamlessly connected to the most critical aspects of teaching and learning on one platform.

With Kiddom, teachers using EL Education K-8:

- Save time on lesson planning with ready-to-use teaching materials, such as interactive lesson presentations. Have the ability to edit and add to student activities and assessments.
- Can easily group students and assign variations of work to provide differentiated instruction for individual learning paths.
- Utilize Lesson Launch, allowing them to instantly check comprehension with live, synchronous formative assessments.

About EL Education K-8 Language Arts

EL Education K-8 allows students to engage in texts and tasks that are challenging, adventurous, and meaningful. When powered by Kiddom, teachers are able to close the gap between digital curriculum, instruction and assessments – creating an all-in-one hub for teaching and learning.

Real-world texts built for students

Students engage in exciting texts that are compelling science and social studies topics. Students acquire reading, writing, speaking, and listening skills as they build real-world knowledge.

Supported text complexity promoting student conversation

With text variety, students are involved in meaningful conversations, deepening their understanding of the world around them and their peers' experiences. For teachers, they are supported with strategies to ensure all learners experience grade level premium texts.

Enhanced assessment options

Routinely embedded, structured formative assessments are paired with scaffolded differentiation guidance. High-stakes testing formats are paired with a culminating real-world performance task.

Kiddom consolidates what teachers need to unpack, understand, and use high-quality curriculum

Curriculum Management and Personalization

Review, personalize, and edit all curriculum and assessments. Teacher resources, and comprehensive lesson plans help teachers save precious planning time.

Instructional Resources

Ready-to-project lesson presentations, collaborative digital whiteboards, easy student grouping, and synchronous live activities with real-time data dramatically increase student engagement.

Assessment and Reporting Tools

Monitor student progress with real-time observations, formative, and summative assessments. Use comprehensive skills and standards-mastery reporting at the classroom, school, and district levels.
